

## TERMITE ALERT!!!

The active wet monsoon weather has activated and heightened the termite activity in The Springs. A number of homes appear to have termite tunnels along the foundations.

It is important that homeowners or their seasonal property managers make a careful inspection outside around all the foundation area and inside check the walls for any signs of brown tunnels along the walls from floor to ceiling.

IF YOU DO NOT HAVE A TERMITE CONTRACT, the local Green Valley pest control providers are:

BUGS 'R US - 625-7878

BILL'S HOME SERVICE - 625-2381

PREFERRED PEST CONTROL - 399-1525
